

How do I place my order?

There are three ways to place an order.

1. **Online**

Using our online brochures you are able to choose which frame and components you want on your bike. When you have made your choices you may place your order by filling out an order form (obtainable from each of our online downloadable brochures) and by sending it to us here in Bridgwater by either post, or by scanning and emailing the form to sales@thorncycles.co.uk .

2. **By telephone**

Alternatively you may place your order over the telephone (01278441505) which gives you the opportunity to speak with one of our dedicated sales team.

If you choose either of these options we will contact you with a quote and wait for you to agree the specification before we activate your order.

3. **In person**

Many of our customers prefer to make an appointment to discuss their order with one of our specialised sales team here in Bridgwater.
