

Where can I buy a Thorn bike?

You can **only** buy a new Thorn bike or Thorn frame directly from us or our sister company St John Street Cycles. We do not have any dealerships. Occasionally you might find a Thorn bike on eBay or through a private second hand sale, but most people sell their second hand Thorn bikes through us and St John Street Cycles' eBay shop. We have successfully sold bikes and delivered them for thousands of completely satisfied customers all over the world.
